

EyEnvy™ Guidelines

EyEnvy™ is a topical conditioner applied ONCE a day.

Steps

Remove all traces of make-up with a mild cleanser.

Shake EyEnvy™ bottle to ensure all ingredients are well mixed in bottle.

Remove the excess of product from the tip of the wand by stroking it on the neck of the bottle 3 times.

Apply in the morning; apply EyEnvy™ to the base of the upper eyelid, on the skin where the eyelashes grow. (Applying more will not make the lashes grow faster.)

Repeat every morning for 3 months.

Apply in one single stroke from the exterior to the interior of the eyelid.

Let fluid absorb, (1-2 minutes); avoid rubbing eyes.

For eyebrows, apply in areas that you would like to see increase in growth.

Tips

Once lashes have reached the desired appearance (in about 3 months), apply conditioner every other day to maintain.

It is suggested to apply in the morning as lacrimal glands (the tears tuck glands) are more active, as our eyes are more dry at night.

Make sure contact lenses are removed prior to application and may be re-inserted 15 minutes after.

Avoid the use of harsh cleansers around the eyes.

Wait 15 minutes after cleansing skin to apply EyEnvy™.

If you have sensitive eyes use ONCE every other day for first 2 weeks then proceed with regular guide.

For hypersensitive eyes apply conditioner every 3 days only throughout the whole use of the product.

Precaution

Do not let fluid get in the eye.

Do not share the conditioner with other individuals.

Discontinue use if skin irritation or redness occurs and persists.

Do not use if eyelid is injured, scratched or inflamed.

Do not use if pregnant or nursing.

Important Info

Following the steps provided, your EyEnvy™ bottle will last you approximately 5 months.

You can definitely use mascara with EyEnvy™, but please ensure to clean your skin thoroughly to avoid clogged pores and cause irritation. Simply wait 1-3 min to let EyEnvy™ dry.

Wearing contact lenses is safe with the use of EyEnvy™ when used as directed.

EyEnvy™ is okay to use with permanent makeup, as long as it has completely healed.

EyEnvy™ Mascara Intense?

Repair, condition and get volume all in one. EyEnvy™ **INTENSE** conditioning mascara will be the perfect compliment to give everyone longer, fuller and VOLUMIZING lashes with the addition of peptides helping to nourish and protect your lashes. EyEnvy™ **INTENSE** creates a dramatic impact on the lashes.

Why EyEnvy™ Mascara Intense?

EyEnvy™ With the addition of Myristoyl Pentapeptide-17 (a keratin boosting peptide), our formula not only conditions, but helps in the lengthening of your own natural lashes. Our brush's criss-cross design separates each lash working on volume and thickness. "EyEnvy™ **INTENSE** mascara" has the best of both worlds, why would you use anything else!

The mascara glides on, doesn't clump and is the perfect texture to build up those gorgeous lashes, starting with the first coat.

*You asked for it, we created it.
Introducing our new EyEnvy™ mascara.*

EY ENVY™

EYELASH & EYEBROW CONDITIONER

Discover **Eyelashes & Eyebrows** that are **LONGER, THICKER & VOLUMINOUS.**

www.EyEnvy.ca

Why EyEnvy™?

EyEnvy™ is a breakthrough formula that helps improve the length, volume and thickness of both eyelashes and eyebrows.

The combination of vitamins and strengthening peptides creates an impressive cocktail that enhances both your eyelashes and eyebrows. EyEnvy™ is a complementary product for eyelash extension wearers where a higher density and length of extensions is desired.

EyEnvy™ is an exclusive spa and salon product. This is to ensure proper application procedures for our clients so that they may achieve maximum results.

Soon everyone will be saying EyEnvy™ your lashes!

How does it work?

EyEnvy™ is designed to nourish hair follicles by helping them reach their full potential of growth. On applying Eyenvy™, it will absorb into the skin and feed the hair follicles that are in the anagen growth phase. After 4 to 6 weeks you will start to see new hair growth which are becoming longer and thicker, allowing your lashes and brows to appear voluminous.

EyEnvy™ is not available or sold online as it is exclusively sold to spas and salons. Kindly refer to www.EyEnvy.ca to find a location near you.

BEFORE

AFTER

Ingredients

Benefits

Sodium hyaluronate	Moisturizing factor that penetrates deep down into dermis and promotes skin/blood micro circulation and nutrient absorption and maintain normal metabolism.
Grape seed extract	Potent antioxidant and wound-healing properties.
Bio-Peptides	(Amino acids) Help to rejuvenate and strengthen fragile hairs.
Tocopheryl-Vitamin E	Natural antioxidant to protect hair and follicles from environmental damage.
Ginseng root extract	Helps repair damaged hairs.
Chamomile	Helps soothe the sensitive skin.
Penta-peptide	Helps follicles reach their full potential.
Vitamin C	Acts as an antioxidant.
Vitamin A	Establishes normal skin function.
Vitamin B3	(Niacin amide) Cell communicating ingredient. Stimulates micro circulation in the dermis.

Most of the ingredients are water binding agents to help stimulate moisture and micro circulation as well wound-healing properties to repair damage that has been caused with time from rubbing pulling and irritation.

Helps who?

Many daily factors affect the health of eyelashes and eyebrows. Women as well as for men at different ages will benefit from the correct use of EyEnvy™ if they have experienced;

- Brittleness, shortness, fragileness, thinness and scarcity, causes contributed by medical conditions, stress and/or lack of proper nutrition
- Damage from prolonged use of mascara and eyelash extensions
- Pre or Post-menopausal
- Frequent rubbing or pulling of the eyelashes and eyebrows

For those individuals who just want **more** lashes

Improve your lashes
with visible results in
4-6 weeks

Now everyone will be saying;
EyEnvy™ your lashes!!!
